Empathy Map

This empathy map represents the perspective of a customer applying for a credit card. It helps understand the applicant's needs, concerns, actions, and emotions so that the machine learning system can provide faster and fairer approval decisions.

SAYS	THINKS
• I need a credit card with quick approval. • I hope my application is accepted. • I want a transparent approval process.	• Will my credit score affect approval? • Are my income and documents sufficient? • I hope the decision is fair.
PERSONA NAME Credit Card Applicant (Customer/User)	
DOES	FEELS
• Submits personal and financial details. • Uploads required documents. • Checks application status regularly.	• Anxious while waiting. • Confident if credit history is good. • Relieved when approved.
